**Produces consistent coffee grinds for any purpose** - the ideal choice for small restaurants, sophisticated offices, or the espresso enthusiast's home.

## FEATURES

- 58 mm precision flat burrs
- Automatic Timer
- Heavy-duty Motor + Grinding Burrs
- Stepless Grind Settings
- Safety Mechanism
- Dosing Grinder with Tamper
- Compact Coffee Bean Hopper

### Accessories

- Manual, a stainless steel grounds tray and a 54mm tamper.

**Built to last with only top-quality materials**

The Mini grinder-doser features flat blades suitable for low consumption (decaf, single-origin coffee). It's a surprisingly quiet espresso bean grinder and perfect for small spaces thanks to its short hopper. Choose between the manual switch option or timer switch option.

The Mazzer Mini is the ideal choice for the small restaurant, sophisticated office, or espresso enthusiast's home.

**Timer Activation Switch** - can be set for up to 60 seconds of continuous grinding. This is also a safety feature as this grinder is nearly silent when running without beans in the hopper.

**58 MM PRECISION FLAT BURRS**

The Mazzer Mini features heavy-duty burr grinding wheels to crush the large quantities of coffee quicker while imparting very little heat to the freshly ground coffee. The cutting wheel is 58 mm in diameter and uses high-grade tempered steel for long life.

**Stepless micrometric grind calibration**

- capable of very fine adjustments to get the espresso grind just right. Fineness levels can be easily changed using the grind adjustment disc located below the hopper. Turn the grind adjustment disc clockwise to decrease fineness and counterclockwise to increase fineness.
