

### FUNCTIONING

- · Heating by armoured heating elements
- Separate heating element control by mean contactors that are controlled by
- thermostats • Maximum temperature reached 450°C
- Continuous measurement of temperature by probe indicator

#### CONSTRUCTION

- Front structure made in folded stainless steel
- Oven panels made pre-painted metal sheets
- Door in stainless steel with shutter with hinge at bottom with balancing spring
- Door handle in stainless steel
- Tempered crystal glass
- · Control panel on the right front side
- Baking surface in refractory brick
- Upper and lateral structure in aluminized sheet
- Thermal insulation in mineral wool

# Electric deck oven for pizza

2 decks composition

iDeck consists of one or two baking chambers and an optional leavening compartment or stand. The oven baking surface is made of refractory material that provides perfectly even heat distribution over the whole surface, making this oven particular suitable to bake pizza, either directly on the surface or in trays. Temperature adjustment is electro-mechanical , with independent control of the ceiling and floor heating elements. The oven door is hinged at the bottom, with a tempered glass window to check the state of the product while it is baking. The stand comprises a painted metal structure, whereas the leavening compartment has a stainless steel structure and is fitted with a heating thermostat. The leavening compartment can reach a maximum temperature of 65°C (149°F), whereas the maximum temperature of the baking chamber is 450°C (842°F).

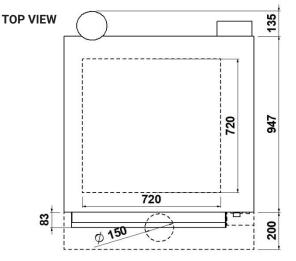

# C€ERE

#### STANDARD EQUIPMENT

- · Illumination by halogen lamp
- Independent maximum temperature safety device (only electronic version)

#### ACCESSORIES

- · Prover on wheels height 700, 1000 mm
- Stand height 600, 900 mm
- 4 wheels kit
  - Additional trayholder slides
  - Stacking kit
  - Hood

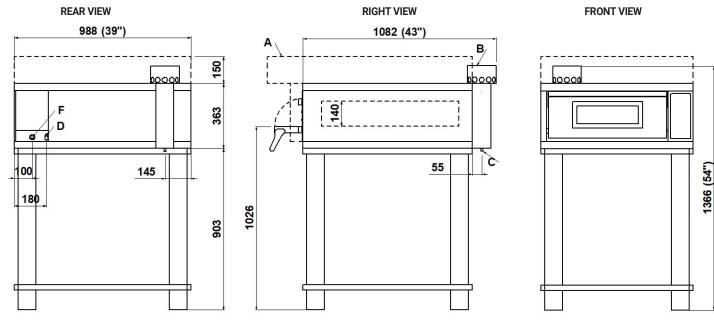

PM	72.72

(assembled with stand height 900mm)

NOTE: The dimensions indicated in the views are in millimeters.

## **EXTERNAL DIMENSIONS**

External height	463 mm
External depth	1082 mm
External width	988 mm
Weight	105 kg

## **TOTAL BAKING CAPACITY**

Tray (600x600)mm	1
Pizza diameter 350mm	4
Pizza diameter 450mm	1
